

## 文学資料の収集・整理・保存事業 COLLECTING AND PRESERVING LITERARY MATERIALS

時代を超えて今日まで伝えられてきた図書、雑誌、直筆原稿や書簡、短冊、色紙など文学資料のうち北海道にゆかりのある資料を中心に収集しています。新刊図書についても北海道出身の文学者の出版物やその他の作家の北海道取材作品、道内の文芸雑誌、同人誌もそろえています。

38万点を超える収蔵資料（2023年度末現在）についてデータベースの作成などによる整理に努めるとともに、文化遺産として次代に伝えていくために、収蔵庫で慎重な保存・管理を行っています。

それらは展覧会での展示や、閲覧室での利用などに活用されており、またインターネットでの資料情報の公開についても努めています。

We are collecting literary materials such as books, magazines, handwritten manuscripts and letters, tanzaku, and shikishi paper that have been passed down through the ages to the present day, focusing on those related to Hokkaido. Regarding newly published books, we are also collecting publications by authors from Hokkaido and works by other writers that cover Hokkaido, as well as literary magazines and doujinshi published within the prefecture.

There are over 380,000 collected materials (as of the end of fiscal year 2023), and we endeavor to organize them through the creation of a database, while careful preservation and management are being conducted in the storage to pass them on to the next generation as cultural heritage.

They are utilized for exhibitions and viewing in reading rooms, and efforts are also being made to publish information about the materials on the internet.

## 調査・研究事業 RESERCH AND STUDY

北海道ゆかりの様々なジャンルの文学者や文学資料などを中心に調査・研究を行い、その成果を展覧会やそれに付随して発行する図録や解説書などに反映しています。また「資料情報と研究」「館報」などの編集・発行を通じて文学情報の発信に努めています。

We conduct research on various genres of writers and literary materials related to Hokkaido, reflecting the results in exhibitions and accompanying publications such as catalogs and commentaries. We also disseminate literary information through the editing and publication of booklets such as "Material Information and Research" and "Museum News."
